

**MINUTES OF THE SHERIFFHALES PARISH MEETING HELD ON THE 6th
SEPTEMBER 2022 AT SHERIFFHALES VILLAGE HALL**

Present: Councillors: Mr J Horne (Chairman); Mr Gordon Tonkinson; Mr Neil Pulker; Mr A Edwards; Mr D Himsworth, and Mr K Turley.

In attendance Clerk to the Council – Miss Jennifer Cree, Mr P Bonsall and Mrs Himsworth, Mrs Horne.

75/22. Apologies for Absence.

Cllr Mrs A Robinson sent her apologies for the meeting.

76/22. Declaration of Councillors' Pecuniary Interests.

Cllr Mr N Pulker declared a pecuniary interest in the Sheriffhales Solar Farm.

It was agreed to move the item below up the agenda.

77/22. To discuss the solar farm funding

Mr Bonsall reported that they are currently going through a refinancing of the debt of the farm and also purchase the remaining 51% that is owned by another company. Tried to raise £565000 and they are virtually at that target and using this they can get a bank loan and then bring the ownership of the farm into the Parish full ownership.

The funds raised can then be handled at a local level for projects, they would like to work with the Council more closely in the future. The solar farm is benefiting from current high energy costs and it is expected that the value of the company will exceed £1m by the end of the expected life of the project.

The Chairman asked if there are any conditions for the use of the income, at present has to be environmental based. This will be reviewed when full control is gained over the company.

77/22. To receive for confirmation and adoption and agree the Minutes of the Parish Council meeting held on 12th July and 28th July 2022.

The minutes of the meetings held on the above date, were agreed as a true and accurate record of the meetings. Cllr N Pulker proposed and Cllr A Edwards seconded the proposal to accept the minutes and on a vote these were carried with 1 abstention.

78/22. Public Participation

Members thanked Mrs Horne for making the refreshments.

79/22. Unitary Councillor feedback and questions.

Councillor K Turley reported on the following items:-

- Following Mrs Lezley Pictons presentation, it was noted that care funding is still very high. Domiciliary care is increasing and Shropshire Council are struggling to recruit staff.
- Graham Downs came to the village and looked round at the problem areas. Drainage works are proposed for Church Lane, and they also looked at signs being obscured.
- The new tarmacing system with larger patches is being used now by Shropshire Council and the new larger patches are lasting/
- The road edge by the Church also needs to have proper kerbs, Highways are looking at this as a capital works program.
- West Midlands energy – Shropshire, Hereford, Worcester and Telford supply energy for schools etc but they are a non-profit making organisation, and they have been asked to look at selling to the public directly, but this may not be possible to do this due to the billing systems.
- Urban Council funding compared to Rural councils is dramatically different.
- The changes to the lights on the A5 at Crckley Bank, is in the program of works.
- Countess Arms – update from the Officer at Shropshire Council - I'm emailing to update regarding the temporary closure of the PROW at the above. I've been in contact with colleagues in the PROW Team, they've been in contact with the owners of the pub and we're awaiting information from the owners as to the current situation which we expect an update in early September. When there's further information, we'll update you.
- Black Smiths Yard update – There is little action that Shropshire Council can take and they are dealing with the owners on this matter.
- Kettlemore Lane - Drainage - Just want to let you know that from 26-30 September we'll be working on Kettlemore Lane, to improve drainage. There road will stay open.

80/22. Planning applications received, Decisions and Enforcement matters made by Shropshire Council (inc solar farm information)

Planning Applications
